

# HSA SPENDER

## BOOST SAVINGS ON ELIGIBLE EXPENSES AND BEYOND

You can easily save money by spending your HSA funds on eligible medical, dental and vision expenses. And your HSA is also a valuable savings and investment tool because you own the account and all funds roll over year to year. Follow these tips to start getting the most out of your account:

### USE THE MOBILE APP AND ONLINE ACCOUNT

The Benefits Mobile App by Discovery Benefits and your online account give you fast and secure access to view your HSA balance, check on payroll deductions, move funds between your HSA and bank account and more.

### REVIEW YOUR CONTRIBUTION AMOUNT

You can change your contribution amount at any time, not just during open enrollment, by working with your HR team. Increasing the amount you contribute will put more into your HSA while reducing the amount you pay in taxes. (Just remember not to exceed the annual contribution limit set by the IRS!).

### USE YOUR DISCOVERY BENEFITS DEBIT CARD

The debit card makes it easy to pay for eligible expenses. If you forget your card, you can also pay for eligible expenses out of pocket, then request an HSA distribution via your online account or mobile app.

## TOOLS AND RESOURCES TO HELP

We make saving and managing your funds easy by offering tools that let you:

### READ ARTICLES AND MORE

Within your online account, Discovery Answers™ has helpful articles to answer your questions and give you more information. We also have videos, HSA calculators and related blog posts on our website.

### TRACK EXPENSES

Stay on top of your expenses within the mobile app and online account. The expense tracker lets you store receipts, as well as quickly view what expenses you've paid using your HSA.

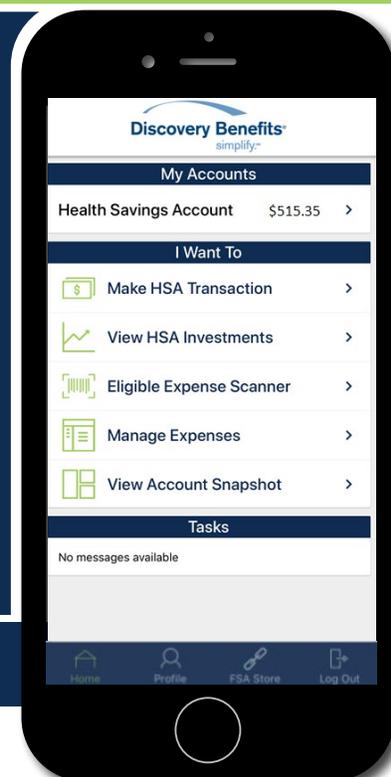

### CHECK IF AN EXPENSE IS ELIGIBLE

The eligible expense scanner within the mobile app lets you quickly scan a product's bar code with your phone's camera. From there, it tells you if the product is an eligible HSA expense.

### GET UPDATES AT YOUR FINGERTIPS

Sign up for text alerts to get instant notifications of account transactions, fund availability and more.
